Born 30/09/2002 – 20 y.o.

AMBITIONS

I have been passionate for a long time about new technologies and what will become our future. That's why I want to become a computer engineer and specialize myself in artificial intelligence.

ASSETS

Professional Awareness
Open-minded
Thorough
Convivial
Curious
Likes traveling

INTERESTS

New Technologies
Audiovisual
Artificial Intelligence
Video games
Reading (hobby)
Music (self-taught)
Swimming club (8 years)

KNOWLEDGE

Computer Languages
(Java – HTML/CSS/JS – C – Python)
English (Bilingual – 980 points TOEIC)
German (B2 level)
Japanese (Beginner)

EXPERIENCES

March 1st, 2022 – August 2nd, 2022

**English Erasmus Semester in Germany
Hof University, Bavaria**

Courses: Information System Security
Applied Cloud Computing
Data Engineering and Analysis
Operating Systems
Formal Language

August, 2021 ; February, 2022

Summer job in a hatchery (Beaupreau-En-Mauges - 49)

Mission: Take part in the activities of a company
Tasks: Hatchery output - reactive, attentive
Hatching eggs - precise, coordinated, versatile
Hatching - skilful, fast, accurate

June, 2021

Internship at the University of Angers (Computer Services)
Mission: Creation of a blog
Tasks: Interviews with different employees
Discovery of the Information System of the UA

EDUCATION

**2021/2024 – Engineering cycle, Computer Science and Networks
Artificial Intelligence**

3-year engineering cycle, following the integrated preparatory cycle
ESAIP School of Computer Engineers
St Barthélemy d'Anjou (49)

2019/2021 – Integrated preparatory cycle

ESAIP School of Computer Engineers
St Barthélemy d'Anjou (49)

PROJECTS

2023 – Activ'Esaip

Development of a project on behalf of a company

Execution of the project

2022/2023 – AI Racing

RC-Cars race, cars driven by Artificial Intelligence

Training and Implementation of the model

2022 – Design4Green

Eco-design challenge

2022 – Taking of responsibilities in the association "Esaip Games"

Succession to the position of Board Games Manager
Implementation of projects for the association and the club
